Room 7E 44, Headquarters

Paul -

Here is a brief resume on [redacted], my
FEI classmate whom I spoke to you about. I am
passing his name also to Hank Knoche and I believe
he will be contacting Don Chamberlain on his own.
I gather that his disarmament work, though
interesting, has large elements of frustration
built into it and he feels it is time to go on
a SALT-free diet.

All the best.
